HOW TO MEASURE

Here are some tips to help you order the correct size. To ensure accuracy do not measure over clothes. Use a soft measuring tape. If you don't have a measuring tape, use a piece of string and hold it alongside a ruler.

BUST: With your arms at your sides, measure the fullest part of your bust, keeping the tape parallel to the floor.

WAIST: Measure around the narrowest part of your torso keeping the tape comfortably loose.

HIPS: Position feet together and measure around the widest part of your hips.

INSEAM: Lay your best-fitting pants flat and measure the inside seam from crotch to hem.

As every brand has slightly different sizing, despite the generic sizing given we recommend that you use the actual measurements of the garment to determine the best fit for you.
